## Worksheet II - Tax Benefit Rule for Federal Income Tax Refund

If you received a federal income tax refund in 2007 and you did not itemize deductions in 2006, stop here, none of your federal income tax refund is taxable to Montana.

You cannot use Worksheet II if you received any of the following refunds or reimbursements in 2007. Instead you should use Worksheet IX, "Tax Benefit Rule Recovery of Itemized Deductions."

- A federal income tax refund in 2007 for a federal tax deduction claimed in a year prior to 2006;

## Worksheet VII - Calculation of Interest on Underpayment of Estimated Taxes - Short Method

You are required to pay your income tax liability throughout the year. You can make your payments through employer withholding, through installment payments of estimated taxes, or through a combination of employer withholding and estimated tax payments.

You are not required to make estimated tax payments if one of the following conditions relate to you:

- Your combined tax liability after you applied your withholding and estimated tax payments is less than \$500.
- You did not have a 2006 income tax liability and you were a citizen or resident of the United States the entire year.
- Your underpayment was due to a casualty, disaster, or another unusual circumstance.
- You retired in either 2006 or 2007 after reaching the age of 62.
- You become disabled in either 2006 or 2007.
- You are a farmer or rancher and 66 2/3% of your 2007 gross income is derived from your farming and ranching operation. Your 66 2/3% farming and ranching income is determined annually and is based on your 2007 gross income. Please note that Montana does not use the same "look back" period that the Internal Revenue Service uses to determine the percentage of your farming and ranching income for federal income tax purposes.

If you did not pay in advance at least 90% of your 2007 income tax liability (after applying your credits) or 100% of your 2006 income tax liability (after applying your credits) you may have to pay interest on the underpayment of your estimated taxes.

If you are required to pay interest on your underpayment, you can use this short method to determine your interest, but you can use this short method only if:

- You made non-estimated tax payments or your payments were only Montana withholding, or;
- You made four equal estimated payments by the required due date.

If you are not eligible to use this short method to calculate your interest on your underpayment, use Montana Form EST-I, "Interest on Underpayment of Estimated Tax Payments." You can access this form by visiting our website at [mt.gov/revenue](http://mt.gov/revenue) or by calling us at (406) 444-6900.
